Achieve new heights in authenticity, beauty, and quality with Inspire Roofing Products. Transcending other brands, Inspire® slate and shake products provide the industry’s finest artistry through natural textures and unique color palettes that will Enhance your home.

Authentic textures and hues, crisp edges, and defined detail bring sublime beauty to every Inspire home. Crafted using molds cast from the finest natural materials; Inspire delivers the rich and stunning aesthetics of authentic hand-cut slate or the warmth of genuine hand-split cedar shakes, without the weight or cost.

Inspire® products also help protect your home from the elements with Class 4 Hail Impact Resistance, 110-mph Wind Uplift Performance and Fire Rating’s that meet local requirements. Inspire® roofing products do not require vigorous maintenance and are environmentally sustainable and energy efficient. All Inspire® roofing products are backed by our transferable, 50-Year, Limited Lifetime Warranty.
The Merits of Luxury

Luxury is defined as a state of great comfort and elegance.

The advantages of true luxury products increase over time. The more time you spend using them, the more you appreciate them. It comes at a price because it delivers both value and pleasure.

Something of true quality will validate your choice every day that you enjoy it and every time that you look at it. It will bring you peace of mind as well as the pleasure of enjoying its enduring style and performance.

Born of technology, Inspire® perfectly imitates noble materials while providing the distinct advantages of advanced manufacturing processes and product design without compromising aesthetics and performance.

Unsurpassed Beauty and Superior Performance are the quintessential qualities that define Luxury, and precisely why discerning homeowners choose Inspire® Roofing Products for their homes. Choose nothing less than the best for your home.
Aledora™ Slate

The Natural Beauty of Slate Roofing.

Aledora™ Slate offers the finest aesthetics and craftsmanship available, delivering the beauty of an authentic hand-cut, natural slate at a fraction of the cost and weight. Variable widths and multiple colors and hues integrated artistically into every tile match the unique appearance of natural slate that will enhance the curb appeal and value of any home.

Classical Slate

Elegance, Tradition, Performance.

Inspire Classical Slates’ textured surfaces and decked edges are modeled from authentic natural slates, imparting a controlled uniformity that epitomizes natural slate roofing. Classic Slate delivers the appearance of a natural slate roof while offering lightweight, low-cost, durability and cutting edge, environmentally conscious material technology that goes into every slate.

Arcella™ Shake

Rustic Aesthetics, Superior Performance.

Arcella™ Shake offers the warm, rustic aesthetics of hand-split cedar shake, without the maintenance and safety concerns of wood. Arcella™ Shake’s advance polymer composite technology insures our products will not rot, crack, split, warp, or require the maintenance of wood. Authentic colors and subtle shade variations create an inviting, natural look in every piece of Arcella™ wood shake while helping to mitigate the risks of fire, hail or wind.

Color Mix Program

Available for Aledora™ Slate and Classic Slate roofing, our Inspire® Color Mix program allows you to choose as many as six different colors for an Aledora™ Slate mix and up to five colors for a Classic Slate mix to create a roofing color palette that is uniquely yours. With Inspire mixes, there is never any need to shuffle tiles from multiple bundles prior to installation. Each bundle from Inspire Roofing Products comes factory-sorted and ready for application. Create your own mix that fits your homes style.

Natural Look Durable Lightweight

Color Mix Program
Aledora™ Colors

SLATE

The authentic hand-cut, thick slate appearance and varying widths of Aledora™ Slate compliment the unique blended colors and tones that make it the most beautiful slate alternative on the market today.

ABOUT BORAL ROOFING

Boral Roofing LLC is a subsidiary of Boral USA and is the country’s largest premium provider of complete roofing and re-roofing solutions for architects as well as commercial and residential builders. Boral Roofing operates manufacturing plants throughout the US.

ABOUT BORAL NORTH AMERICA

Headquartered in Roswell, Georgia, Boral North America is a leader in key construction materials and building products markets with operations across the USA, Canada and Mexico. In 2017 Boral acquired Headwaters Incorporated, expanding Boral’s product offering and manufacturing and distribution footprint across North America. In construction materials, Boral has a national footprint and industry-leading position in the processing and distribution of fly ash – a by-product of coal combustion – as well as a Texas-based concrete block business, and Denver concrete and quarries operations.

In building products, Boral manufactures and supplies cladding, roof tiles, windows and other light building products for residential and commercial markets nationally. Boral’s manufactured stone veneer includes leading brands Cultured Stone® by Boral®, Boral Versetta Stone®, Eldorado Stone, Dutch Quality Stone and StoneCraft. Boral’s light building products portfolio includes Boral TruExterior® Siding & Trim – a pioneer of the innovative poly-ash category of exterior building products – as well as shutters, gable vents, mounting blocks and tool systems. In roofing, Boral is a leading manufacturer of clay and concrete roof tiles, and also produces composite polymer and stone-coated metal roof tiles.

Boral also has a 50% share of the Meridian Brick joint venture, a leading clay and concrete brick manufacturer which was formed with Forterra Brick in 2016.
